*By Joterie*

J

*Joterie is driven by passion and dedicated to creating lasting value for your home. From rough sketches to a finished product customized for your interior project. The result is 100% Belgian, true to the best traditions of quality and refinement.*

## ABOUT JOTERIE

*Founder of Joterie, Josephine, has always been a creative spirit. What started with crafty get-togethers with her grandmother, soon developed into a passion for design, architecture and decoration. At 22 years old, she launched her own interior design brand as well as a first collection.*

*Crafts, drawings and flowers have now transformed into a family of timeless and pure objects finding their roots in natural and sustainable materials. Joterie pieces add a touch of warmth and comfort to a home. They work perfectly as standalone pieces, but are, at the same time, part of a larger whole. The timeless objects radiate a calming, welcoming appearance that works well with any type of interior.*

## THE CENTERPIECE OF YOUR HOME

*That's what Joterie's third collection 'La Lumière' is all about. A range of hanging lamps that infuse enchanting atmosphere into your home. This collection reflects a perfect harmony between contemporary design and timeless allure.*

*One by one locally produced in Belgium, every single piece is unique and made with care. 'La Lumière' is a guest for simplicity and brings interior objects back to their essence. Designer pieces that turn everyday life into something special.*
