

A woman with long, wavy brown hair is crouching in a library. She is wearing a light blue, long-sleeved suit with a fringed hem. She is holding a large, vibrant bouquet of flowers, including pink hibiscus, orange dahlias, and purple thistles. The background is a dark wooden bookshelf filled with books. To the right, there is a large, terracotta-colored lamp with a textured shade and a matching vase. The overall mood is elegant and sophisticated.

J O T E R I E

The driving force behind Joterie is Josephine Vanduyfhuis (22),
an entrepreneur from the heart of West Flanders.
This young lady describes herself as spontaneous, inquisitive and driven.

Josephine has always been creative. As a young girl, she couldn't stop playing around with her crafts set, which Grandma Lena always lovingly added to. Through the people around her, Josephine spontaneously came into contact with the flower, interior and decoration sector. There lay the source of her love for natural and sustainable materials. The same materials with which she now creates timeless objects that form a warm and harmonious ensemble in your interior.

"Because I have been so intensively involved in design, decoration and interior architecture in recent years, I see what I feel is still missing in a space. That lack fuels my creativity and inspires me while designing."

La force motrice de Joterie est Joséphine Vanduyfhuis (22),
une entrepreneuse du cœur de la Flandre Occidentale.
Cette jeune femme se décrit comme spontanée et ambitieuse.

Joséphine a toujours été créative. Jeune enfant déjà, elle était inséparable de son coffret de bricolage que sa grand-mère Lena complétait toujours avec amour. Joséphine fut mise au contact des fleurs, du secteur de la décoration et de la décoration d'intérieur par son entourage. C'est là qu'est né son amour pour les matériaux naturels et durables. Les mêmes matériaux avec lesquels elle crée maintenant des objets intemporels qui donnent un ensemble chaud et harmonieux à votre intérieur.

« M'étant intensément investie ces dernières années dans le design, la décoration et l'architecture d'intérieure, je vois ce qui me semble encore manquer dans l'espace. Ce manque éveille ma créativité et m'inspire pendant la création. »
